Seminar with

Christophe Depaus

6th DAN Aikikai

April 5-7, 2024 – Graz, AUSTRIA

Christophe Depaus started Aikido in 1985 at age of 11. He quickly became a Sugano Sensei's close student and has followed him extensively in Europe, USA as well as in Japan. Having succeeded all his Aikido exams under Sugano Sensei's authority, Christophe became one of his Otomo (assistant) and received a certified teacher diploma directly from him. Christophe remained a Sugano Sensei's student until Sugano Sensei passed away in 2010.

In parallel, since 2000, Christophe discovered Christian Tissier Sensei's teaching and decided to attend as many of his seminars as possible. Getting the 5th DAN at the age of 37, granted both by Sugano Sensei and Christian

Tissier Sensei, he is now acknowledged as one of the Christian Tissier's reference teachers in Belgium. Christophe received his 6th DAN in 2017, and over the years, Christophe has travelled many times to Japan visiting Hombu dojo and trained with other famous Senseis. He founded his own dojo, the REN SHIN KAN, in Brussels in 2006. Christophe exposed his own vision of Aikido's application on education and society in a TEDx conference held in 2014 in Luxembourg. <https://www.renshinkandojo.com/>

In 2022 and 2023 Christophe gave Aikido seminars in Graz with international participation. We continue. Join us.
